

# About

With 360° implementation experience in improving engineering efficiencies across **Aerospace, Automotive, Energy** and **High-Tech**. PLM implementations, primarily with Siemens Teamcenter-NX portfolio.

Let me help improve your engineering efficiencies using :

- Lean
- Phased &
- Efficient PDM/PLM services

# Use-Cases

- ✦ Reducing Engineering Change cycle-time
- ✦ Improving Traceability
- ✦ Containing Part Number proliferation
- ✦ Bettering Time to Market

# *Velocity PLM*

*Going the distance displacement*
