

Objective : Digital monitoring and alert project for 4 melting operations at 1 furnace

Investment :

₹29,184 / month + ₹3.4L (one-time Setup)

Key Points:

- Hardware rental included in the price
- AMC is not required

Inclusions:

- Furnaces : 1
- Operations: 4 (Temperature Check, Deslagging, Bath-Sample, Tapping)
- Features:
 - Live Operation Detection
 - Console Alert when Operation is Missed and Alert Management
 - Console Alert when SOP Sequence is skipped
 - PDF Report - Violation Summary (Missed Sequence and Missed Operation)
- Setup (One-Time) Sensor, Compute, Networking, Site Specific Setup
- Hardware

Exclusions:

- Cabling (data/power cables)
- No dedicated Console devices are provided (your existing melting area machines/laptops are good enough)

Notes:

- Quote valid until 26/09/26, or our capacity gets full: whichever comes first
- GST not included in the quote
- This quote is for alignment purposes and not comprehensive for contractual purposes.

Pricing Breakdown (In INR/month, except column B- one-time Setup)

Functionality ► Operation ▼	Setup (one-time) Sensor(s) + Compute + Networking + Site_Specific_Platform _Implementation	(Console) Detection - Live Operation Detection	(Console) Alert Management Console Alert when Operation is Missed and Alert Management	(Console) Out of Sequence Alert Console Alert when SOP Sequence is skipped	PDF Report* Violation Summary : - Missed Sequence - Missed Operation
Temperature Check	85,000	2799	1499	1499	1499
Deslagging	85,000	2799	1499	1499	1499
Bath Sample	85,000	2799	1499	1499	1499
Tapping	85,000	2799	1499	1499	1499
Total MVP	340,000	11196	17192	23188	29184

* Waived off: We have waived off the one time fee for reporting server set up for this quote.
